DECOEARTH™

PREMIUM RECLAIMED ACRYLICS

75 MILLION
GALLONS WASTED
EACH YEAR.

CREATED WITH ENCORE®
**RECYCLED,
RECLAIMED,
RESURRECTED.**

**FROM
WASTE TO
WONDER.**

Over 700 million gallons of house paint are purchased each year. 10% is leftover and headed for the waste stream.

Paint is collected nationwide and sent to Encore's processing plant. Paint is sorted by color; harmful types removed.

Our proprietary process eliminates paint impurities. Materials are then added to bring the 70% RECLAIMED PAINT to exacting specifications.
